

# Health Options Program

This Prescription Drug Formulary for the Enhanced and Basic Medicare Rx Options (PDP) is effective as of December 1, 2024. For more recent information or other questions, please call the HOP Administration Unit at 1-800-773-7725, or for TTY users, 1-800-498-5428, 8:00 a.m. to 8:00 p.m. ET, Monday–Friday, or visit HOPbenefits.com.

**Important message about what you pay for insulin:** You won't pay more than \$35 for a one-month supply of each insulin product covered by the Enhanced or Basic Medicare Rx Option, no matter which cost-sharing tier it's on, even if you haven't paid your deductible. Call OptumRx for more information.

**Important message about what you pay for vaccines:** The Enhanced Medicare Rx Option covers most Part D vaccines at no cost to you. The Basic Medicare Rx Option also covers most Part D vaccines at no cost to you, even if you haven't paid your annual deductible. Call OptumRx for more information.

**Note to existing members:** This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

## Comprehensive Prescription Drug Formulary for the Enhanced and Basic Medicare Rx Options (List of Covered Drugs)

# 2024

**PLEASE READ:** THIS DOCUMENT CONTAINS INFORMATION ABOUT THE DRUGS WE COVER IN THESE PLANS.

When this drug list (formulary) refers to "we," "us," or "our," it means the Health Options Program, which is sponsored by the Pennsylvania Public School Employees' Retirement System. When it refers to "plan" or "our plan," it means the Enhanced or Basic Medicare Rx Option.

This document includes a list of the drugs (formulary) for our plans which is effective as of December 1, 2024. For an updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2025, and from time to time during the year.

### **What is the Enhanced and Basic Medicare Rx Options Comprehensive Formulary?**

A formulary is a list of covered drugs selected for the Enhanced and Basic Medicare Rx Options in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. The Enhanced and Basic Medicare Rx Options will generally cover the drugs listed in our formulary as long as the drug is medically

necessary, the prescription is filled at an OptumRx network pharmacy, and other Plan rules are followed. For more information on how to fill your prescriptions, please review your *Evidence of Coverage*.

*Please note that this formulary covers the Enhanced and Basic Medicare Rx Options only. If you are enrolled in the Value Medicare Rx Option, please contact us for a copy of that formulary. Our contact information appears on the front and back cover pages. If you have coverage through a Medicare Advantage plan through the Health Options Program, you will have to contact the Medicare Advantage plan directly for a copy of the formulary for your prescription drug plan.*

### **Can the formulary (drug list) change?**

Generally, if you are taking a drug on our 2024 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2024 coverage year except when a new, less expensive drug is released, or the drug is removed from the market. (See bullets below for more information on changes that affect members currently taking the drug.) Other types of formulary changes, such as removing a drug from our formulary, will not affect members who are currently taking the drug. It will remain available at the same cost sharing for those members taking it for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the Drug List for the new benefit year for any changes to drugs. We must follow Medicare rules in making these changes. Below are changes to the drug list that will also affect members currently taking a drug:

- **New generic drugs.** We may immediately remove a brand-name drug on our drug list if we are replacing it with a new generic drug that will appear on the same or lower cost-sharing tier and with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep

the brand-name drug on our drug list, but immediately move it to a different cost-sharing tier or add new restrictions. If you are currently taking that brand-name drug, we may not tell you in advance before we make that change, but we will later provide you with information about the specific change(s) we have made.

If we make such a change, you or your prescriber can ask us to make an exception and continue to cover the brand-name drug for you. The notice we provide you will also include information on how to request an exception, and you can find information in the section on page iv titled "How do I request an exception to the Enhanced and Basic Medicare Rx Options Formulary?"

- **Drugs removed from the market.** If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug's manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a generic drug that is not new to the market to replace a brand-name drug currently on the formulary or add new restrictions to the brand-name drug or move it to a different cost-sharing tier, or both. Or we may make changes based on new clinical guidelines. If we remove drugs from our formulary or add prior authorization, quantity limits and/or step therapy restrictions on a drug, or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 30-day supply of the drug.

If we make these other changes, you or your prescriber can ask us to make an exception and continue to cover the brand-name drug for you. The notice we provide

you will also include information on how to request an exception, and you can also find information in the section entitled "How do I request an exception to the Enhanced and Basic Medicare Rx Options Formulary?"

The enclosed formulary is current as of December 1, 2024. To get updated information about the drugs covered by the Enhanced and Basic Medicare Rx Options, please contact us. Our contact information appears on the front and back cover pages. In the event of midyear formulary changes, a revised Comprehensive Formulary will be posted to HOPbenefits.com.

### **How do I use the formulary?**

There are two ways to find your drug within the formulary:

- **Medical condition**

The formulary begins on page 1. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category "Cardiovascular Agents." If you know what your drug is used for, look for the category name in the list that begins on page 1. Then look under the category name for your drug.

- **Alphabetical listing**

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 79. The Index provides an alphabetical list of all the drugs included in this document. Both brand-name drugs and generic drugs are listed in the Index. Look in the Index, and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index, and find the name of your drug in the first column of the list.

### **What are generic drugs?**

The Enhanced and Basic Medicare Rx Options cover both brand-name drugs and generic drugs. A generic drug is approved by the Food and Drug Administration (FDA) as having the same active ingredient as the brand-name drug. Generally, generic drugs cost less than brand-name drugs.

### **Are there any restrictions on my coverage?**

Some covered drugs have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization (PA):** The Enhanced and Basic Medicare Rx Options require you (or your physician) to get prior authorization for certain drugs. This means that you will need to get approval from the Enhanced or Basic Medicare Rx Options before you fill your prescriptions. If you don't get approval, the Enhanced or Basic Medicare Rx Options may not cover the drug.
- **Quantity Limits (QL):** For certain drugs, the Enhanced and Basic Medicare Rx Options limit the amount of the drug that the Enhanced and Basic Medicare Rx Options will cover. For example, the Enhanced and Basic Medicare Rx Options cover 30 pills per 30 days for Crestor. If your prescription is for more, OptumRx will contact your doctor to determine whether more than one per day will be covered. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy (ST):** In some cases, the Enhanced and Basic Medicare Rx Options require you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, the Enhanced and Basic Medicare Rx Options may not cover Drug B unless you try Drug A first. If Drug A does not work for you, your plan will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 1. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. We have posted online a document that explains our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask the Enhanced or Basic Medicare Rx Option to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section "How do I request an exception to the Enhanced and Basic Medicare Rx Options Formulary?" on page iv, for information about how to request an exception.

### ***What if my drug is not on the formulary?***

If your drug is not included in this formulary (list of covered drugs), you should first contact OptumRx and ask if your drug is covered. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you learn that the Enhanced and Basic Medicare Rx Options do not cover your drug, you have two options:

- You can ask OptumRx for a list of similar drugs that are covered by the Enhanced and Basic Medicare Rx Options. When you receive the list, show it to your doctor and ask them to prescribe a similar drug that is covered by the plan.
- You can ask the plan to make an exception and cover your drug. See page iv for information about how to request an exception.

### ***How do I request an exception to the Enhanced and Basic Medicare Rx Options Formulary?***

You can ask the Enhanced or Basic Medicare Rx Option to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover your drug even if it is not on our formulary. If approved, this drug will be covered at a predetermined cost-sharing level, and you will not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to cover a formulary drug at a lower cost-sharing level (if this drug is not on the Specialty tier). If approved, this would lower the amount you must pay for your drug.

- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, the Enhanced and Basic Medicare Rx Options limit the amount of drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, the Enhanced or Basic Medicare Rx Option will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost-sharing drug, or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask for an initial coverage decision for a formulary, tier, or utilization restriction exception. ***When you request a formulary, tier, or utilization restriction exception, you should submit a statement from your prescriber or physician supporting your request.***

Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can request an expedited (fast) exception if you or your doctor believes that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

### ***What do I do before I can talk to my doctor about changing my drugs or requesting an exception?***

As a new or continuing member in our plan, you may be taking drugs that are not on our formulary. Or you may be taking a drug that is on our formulary, but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for

you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum of a 30-day supply of medication. After your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug (unless you have a prescription for fewer days) while you pursue a formulary exception.

### **Emergency transitions and level-of-care changes**

You may have a change in your treatment setting due to the level of care you require. Such transitions may include if you are:

- Admitted to a long-term care facility following an inpatient hospital stay.
- Discharged from a hospital or skilled nursing facility to a home setting.
- Admitted to a hospital or skilled nursing facility from a home setting.
- Transferred from one skilled nursing facility to another and the new facility is serviced by a different pharmacy.
- Discharged from a skilled nursing facility Medicare Part A stay, where payments include all pharmacy charges, and you now need to use your Part D plan benefit.
- Reverted back to standard Medicare Parts A and B coverage after giving up hospice status.

This transition policy applies to drugs that are covered under the Enhanced or Basic Medicare Rx Option and filled at a network pharmacy.

### **For more information**

For more detailed information about the Enhanced and Basic Medicare Rx Options prescription drug coverage, please review your *Evidence of Coverage* and other plan materials. If you have questions about the Enhanced and Basic Medicare Rx Options, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800-MEDICARE (1-800-633-4227), 24 hours a day, 7 days a week. TTY users should call 1-877-486-2048. Or visit medicare.gov.

### **Medicare-excluded Drugs Covered under the Enhanced Medicare Rx Option Only (Bonus Drug List)**

Certain Medicare-excluded drugs are covered under the Enhanced Medicare Rx Option, but not the Basic Medicare Rx Option. A list of these drugs can be found beginning on page 108. This is also called the bonus drug list.

### **How to Read the Enhanced and Basic Medicare Rx Options Prescription Drug Formulary**

The formulary that begins on page 1 provides coverage information about the drugs covered by the Enhanced and Basic Medicare Rx Options. If you have trouble finding your drug in the list, turn to the Index that begins on page 79.

The first column of the chart lists the drug name. Brand-name drugs are capitalized (e.g., LIDODERM), and generic drugs are listed in lower-case italics (e.g., *meloxicam*).

The information in the Requirements/Limits column tells you if the Enhanced and Basic Medicare Rx Options have any special requirements for coverage of your drug.

## WHAT THE ABBREVIATIONS MEAN

- 
- B/D:** This prescription drug has a **Part B versus Part D administrative prior authorization requirement.** This drug may be covered under Medicare Part B or Part D depending upon the circumstances. Information may need to be submitted describing the use and setting of the drug to make the determination.
- 
- NDS:** **Non-Extended Day Supply.** This prescription drug is **not** available for an extended day supply under the Enhanced or Basic Medicare Rx Option.
- 
- PA:** **Prior Authorization.** You or your physician need to get approval from the Enhanced or Basic Medicare Rx Option before you fill this prescription. If you don't get approval, the Enhanced or Basic Medicare Rx Option may not cover the drug. See page iii for more information.
- 
- QL:** **Quantity Limit.** The Enhanced and Basic Medicare Rx Options limit the amount of this drug that will be covered. See page iii for more information.
- 
- ST:** **Step Therapy.** The Enhanced and Basic Medicare Rx Options require you to first try another drug to treat your medical condition before we will cover this one for that condition. See page iii for more information.
-

# 2024 Comprehensive Prescription Drug Formulary

## The Enhanced Medicare Rx Option

### DEDUCTIBLE

- There is no annual deductible under the Enhanced Medicare Rx Option.

### PREFERRED GENERIC DRUGS (TIER 1)

- In Initial Coverage, you'll pay a maximum of \$4 for up to a 30-day supply (and a maximum of \$12 for a 31- to 90-day supply).
- In the Coverage Gap, you'll pay 25% of the cost.
- In Catastrophic Coverage, the plan pays the full cost of covered Part D drugs. You may have cost sharing for drugs that are covered under the bonus drug list (see page 108).

### NON-PREFERRED GENERIC DRUGS

(TIER 2)

- In Initial Coverage, you'll pay a maximum of \$11 for up to a 30-day supply (and a maximum of \$33 for a 31- to 90-day supply).
- In the Coverage Gap, you'll pay 25% of the cost.
- In Catastrophic Coverage, the plan pays the full cost of covered Part D drugs. You may have cost sharing for drugs that are covered under the bonus drug list (see page 108).

### PREFERRED BRAND-NOME DRUGS

(TIER 3)

- In Initial Coverage, you'll pay 25% to a maximum of \$150 for up to a 30-day supply and 25% to a maximum of \$300 (\$280 if you use mail order) for a 31- to 90-day supply.
- In the Coverage Gap, you'll pay 25% of the cost.

- In Catastrophic Coverage, the plan pays the full cost of covered Part D drugs. You may have cost sharing for drugs that are covered under the bonus drug list (see page 108).

### NON-PREFERRED BRAND-NOME DRUGS (TIER 4)

- In Initial Coverage, you'll pay 35% to a maximum of \$200 for up to a 30-day supply and 35% to a maximum of \$400 (\$380 if you use mail order) for a 31- to 90-day supply.
- In the Coverage Gap, you'll pay 25% of the cost.
- In Catastrophic Coverage, the plan pays the full cost of covered Part D drugs. You may have cost sharing for drugs that are covered under the bonus drug list (see page 108).

### SPECIALTY DRUGS (TIER 5)

- In Initial Coverage, you pay 25% of the cost.
- In the Coverage Gap, you'll pay 25% of the cost.
- In Catastrophic Coverage, the plan pays the full cost of covered Part D drugs. You may have cost sharing for drugs that are covered under the bonus drug list (see page 108).
- Specialty drugs are limited to a 30-day supply.

# 2024 Comprehensive Prescription Drug Formulary

## The Basic Medicare Rx Option

### DEDUCTIBLE

- You must pay the annual deductible of \$100 before the Basic Medicare Rx Option pays any portion of your brand-name or specialty prescription drug costs.

### PREFERRED GENERIC DRUGS (TIER 1)

- In Initial Coverage, you'll pay a maximum of \$5 for up to a 30-day supply (and a maximum of \$15 for a 31- to 90-day supply).
- In the Coverage Gap, you'll pay 25% of the cost.
- In Catastrophic Coverage, the plan pays the full cost of covered Part D drugs.

### NON-PREFERRED GENERIC DRUGS

(TIER 2)

- In Initial Coverage, you'll pay a maximum of \$12 for up to a 30-day supply (and a maximum of \$36 for a 31- to 90-day supply).
- In the Coverage Gap, you'll pay 25% of the cost.
- In Catastrophic Coverage, the plan pays the full cost of covered Part D drugs.

### PREFERRED BRAND-NAME DRUGS

(TIER 3)

- In Initial Coverage, after you satisfy the annual deductible, you'll pay 30% of the cost to a maximum of \$200 for up to a 30-day supply and 30% to a maximum of \$500 (\$450 if you use mail order) for a 31- to 90-day supply.
- In the Coverage Gap, you'll pay 25% of the cost.
- In Catastrophic Coverage, the plan pays the full cost of covered Part D drugs.

### NON-PREFERRED BRAND-NAME

DRUGS (TIER 4)

- In Initial Coverage, you'll pay 40% of the cost after you satisfy the annual deductible.
- In the Coverage Gap, you'll pay 25% of the cost.
- In Catastrophic Coverage, the plan pays the full cost of covered Part D drugs.

### SPECIALTY DRUGS (TIER 5)

- In Initial Coverage, you'll pay 30% of the cost after you satisfy the annual deductible.
- In the Coverage Gap, you'll pay 25% of the cost.
- In Catastrophic Coverage, the plan pays the full cost of covered Part D drugs.
- Specialty drugs are limited to a 30-day supply.
